Subject: Performance report in respect of M/S Genesis Technologies, Thane

Ref: Your letter DPS/REGN/32711, dated 17/05/2013 from Dy. Director, Directorate of Purchase And Stores, Department of Atomic Energy, Mumbai.
Sir,

With reference to above mentioned inquiry, I am submitting a performance report of Electronic Balance supplied by M/S Genesis Technologies, Thane in the year 08-09. The instrument is being used for accurate weighing of chemicals for research purpose.

Following are the advantages of the Instrument:

- 1) The instrument is highly sensitive.
- 2) From our experience, there is little need of maintenance as far as replacement of spares is concerned.

The research students of the department are using this instrument routinely for weighing chemicals as part of their research work. In our general opinion, performance of this instrument is satisfactory to our expectations and as claimed by the supplier.

Dr. Mrs. V. K. Vaidya,
Head,

Department of Biochemistry
